

FossilNatura
Evolving the Bathroom

2023

FossilNatura

En Fossil Natura, nos enfocamos en ofrecer soluciones innovadoras y de alta calidad para crear espacios de baño modernos y funcionales que cumplan con todas las necesidades.

Los últimos diseños y funcionalidades se combinan en nuestros productos para crear un espacio de baño moderno y atractivo, que cumpla con las exigencias de todos los proyectos. Nuestros productos exclusivos, materiales de alta calidad y funcionalidades innovadoras marcan las tendencias en el sector.

Para garantizar productos de alta calidad, hemos optimizado nuestra producción, fortaleciendo nuestro departamento de calidad y desarrollando mejores métodos de cocción para los acabados metalizados de nuestras piezas. Como resultado, nuestra producción es más eficiente.

En Fossil Natura, mostramos nuestro compromiso con la innovación, el diseño y la calidad en la producción de productos sanitarios. Ofrecemos soluciones a medida para sus proyectos, que cumplen con cualquier exigencia.

At Fossil Natura, we focus on offering innovative and high-quality solutions to create modern and functional bathroom spaces that meet all needs.

The latest designs and functionalities are combined in our products to create a modern and attractive bathroom space that meets the demands of all projects. Our exclusive products, high-quality materials and innovative functionalities set the trends in the sector.

To guarantee high quality products, we have optimized our production, strengthening our quality department and developing better firing methods for the metallic finishes of our pieces. As a result, our production is more efficient.

At Fossil Natura, we show our commitment to innovation, design and quality in the production of sanitary products. We offer tailor-made solutions for your projects, which meet any requirement.

Chez Fossil Natura, nous nous concentrons sur l'offre de solutions innovantes et de haute qualité pour créer des espaces de salle de bain modernes et fonctionnels qui répondent à tous les besoins.

Les dernières conceptions et fonctionnalités sont combinées dans nos produits pour créer un espace de salle de bain moderne et attrayant qui répond aux exigences de tous les projets. Nos produits exclusifs, nos matériaux de haute qualité et nos fonctionnalités innovantes définissent les tendances du secteur.

Pour garantir des produits de haute qualité, nous avons optimisé notre production, renforcé notre service qualité et développé de meilleures méthodes de cuisson pour les finitions métalliques de nos pièces. En conséquence, notre production est plus efficace.

Chez Fossil Natura, nous montrons notre engagement envers l'innovation, le design et la qualité dans la production de produits sanitaires. Nous proposons des solutions sur mesure pour vos projets, qui répondent à toutes les exigences.

CONFORT

En Fossil Natura, nos esforzamos por reflexionar sobre los entornos vitales y ofrecer piezas que maximicen el bienestar en el hogar.

Diseñamos nuestras piezas especialmente para el usuario, buscando mejorar su funcionalidad diaria y garantizar su comodidad absoluta.

La gama de sanitarios Confort, ofrece una aproximación innovadora para mejorar la comodidad y el bienestar en el baño, al mismo tiempo que se cuida sin dejar a un lado su aspecto estético, lo que les da un giro moderno a las piezas tradicionales.

At Fossil Natura, we strive to reflect on living environments and offer pieces that maximize well-being at home.

We design our pieces especially for the user, seeking to improve their daily functionality and guarantee their absolute comfort.

The Comfort range of sanitary ware offers an innovative approach to improve comfort and well-being in the bathroom, while taking care not to neglect its aesthetic aspect, which gives a modern twist to traditional pieces.

Chez Fossil Natura, nous nous efforçons de réfléchir aux milieux de vie et de proposer des pièces qui maximisent le bien-être à la maison.

Nous concevons nos pièces spécialement pour l'utilisateur, cherchant à améliorer leur fonctionnalité quotidienne et à garantir leur confort absolu.

La gamme de sanitaires Confort propose une approche innovante pour améliorer le confort et le bien-être dans la salle de bain, tout en veillant à ne pas négliger son aspect esthétique, qui donne une touche de modernité aux pièces traditionnelles.

+ INFO

NO-TANK

Llega el sistema de evacuación cuyo funcionamiento consiste en emplear agua directa como método de limpieza.

No requiere de cisterna. Simplemente pulsando un botón se inicia el proceso de descarga con el cual se proyecta agua a alta presión desde dos puntos concretos del sanitario.

Este nuevo concepto permite ahorrar espacio, tiempo de instalación y recursos (no necesita conexión a la corriente eléctrica y el máximo caudal empleado es de 4 litros).

A revolutionary evacuation system has arrived whose operation consists in the use of direct water as a cleaning method.

Without tank. By simply pressing a button, the discharge process is started, with which high-pressure water is projected from two specific points in the toilet.

This new concept saves space, installation time and resources (it does not require an electrical connection and the maximum flow rate used is 4 litres).

Un système d'évacuation révolutionnaire est arrivé dont le fonctionnement consiste à utiliser l'eau directe comme méthode de nettoyage.

Sans réservoir. En appuyant simplement sur un bouton, le processus de décharge est lancé, avec lequel de l'eau à haute pression est projetée à partir de deux points spécifiques dans les toilettes.

Ce nouveau concept permet d'économiser de l'espace, du temps d'installation et des ressources (il ne nécessite pas de raccordement électrique et le débit maximum utilisé est de 4 litres).

MINERAL COMPOSITE

Mineral Composite es un excepcional material basado en el aprovechamiento total de la dolomita y conseguido gracias a un proceso eficiente y respetuoso con el entorno.

Las características y diferentes posibilidades que aporta lo hacen único, hasta el punto de ser tratado como el material del futuro para la fabricación de sanitarios.

La Dolomita, compuesta principalmente de carbonato de Calcio Y Magnesio se suma a la resina elástica en forma de recubrimiento Nanocoat, para dar lugar a un material fácilmente moldeable, actual y bello.

Mineral Composite is an exceptional material based on the total use of dolomite and achieved after an efficient process that respects the environment.

The characteristics and different possibilities that it has make it unique, becoming treated as the material of the future for the manufacture of sanitaryware.

The Dolomite, composed mainly of Calcium and Magnesium carbonate, is added to the elastic resin in the form of a Nanocoat coating. The result is an easily mouldable, current and beautiful material.

Le Mineral Composite est un matériau d'exception basé sur l'utilisation totale de la dolomie et obtenu après un procédé efficace et respectueux de l'environnement.

Les caractéristiques et les différentes possibilités qu'il a le rendent unique, devenant considéré comme le matériau du futur pour la fabrication de sanitaires.

La Dolomite, composée principalement de carbonate de Calcium et de Magnésium, est ajoutée à la résine élastique sous la forme d'un revêtement Nanocoat. Le résultat est un matériau facilement moulable, actuel et beau.

Acumulación de calor:

Gracias a las cualidades naturales de la Dolomita, el producto final retiene el calor durante mucho tiempo dando mayor comodidad al momento del uso.

Aislamiento acústico:

El sonido es minimizado gracias a la capacidad de absorber la vibración producida con el choque de líquidos.

Antibacteriano:

Recubrimiento Nanocoat que facilita la limpieza a la vez que repele gérmenes y bacterias incluso con productos convencionales.

Suavidad:

Acabado pensado para un contacto especialmente agradable a la piel.

Precisión y diseño:

La maleabilidad del material permite crear diseños casi imposibles y milimétricamente precisos.

Solidez:

El material cuenta con una alta resistencia a impactos, presión y cambios bruscos de temperatura.

SOBRE EL CATÁLOGO · ABOUT THE CATALOG · À PROPOS DU CATALOGUE

Todas las medidas (expresadas siempre en milímetros salvo que se indique lo contrario) y colores aparecidos en este catálogo son orientativas. Los ambientes que se muestran cumplen una finalidad únicamente decorativa y han sido creados sin atender a criterios técnicos específicos de instalación. En base a la política de I+D+I de Fossil Natura S.L.U. queda reservado el derecho a realizar en cualquier momento cambios en los materiales y especificaciones de los modelos descritos sin previa notificación, pudiendose derivar de esto que las especificaciones, colores, diseños u otras características no se ajusten en todo momento con las reales, así como no garantizar su disponibilidad.

De igual modo, Fossil Natura, habiendo puesto en conocimiento del cliente las características y requisitos mínimos necesarios, no se responsabilizará del incorrecto funcionamiento de los productos descritos derivado de una mala instalación o uso.

Measurements (always expressed in millimeters) and colours are for informational purposes. The environments shown serve a purely decorative purpose and have been created without attending to specific technical installation criteria. Based on the R+D+I policy of Fossil Natura S.L.U. The right is reserved at any time to make changes to the materials and specifications of the models described without prior notification, it being possible to derive from this that the specifications, colors, designs or other characteristics do not conform at all times with the real ones, as well as not guaranteeing his availability.

In the same way, Fossil Natura, having informed the client of the necessary characteristics and minimum requirements, will not be responsible for the incorrect operation of the described products derived from improper installation or use.

Les mesures (toujours exprimées en millimètres) et les couleurs sont à titre indicatif. Les environnements présentés ont un but purement décoratif et ont été créés sans tenir compte de critères techniques d'installation spécifiques. Basé sur la politique R+D+I de Fossil Natura S.L.U. Le droit se réserve à tout moment d'apporter des modifications aux matériaux et aux spécifications des modèles décrits sans notification préalable, pouvant en déduire que les spécifications, couleurs, dessins ou autres caractéristiques ne sont pas à tout moment conformes aux vrais, ainsi que de ne pas garantir sa disponibilité.

De la même manière, Fossil Natura, après avoir informé le client des caractéristiques nécessaires et des exigences minimales, ne sera pas responsable du mauvais fonctionnement des produits décrits résultant d'une installation ou d'une utilisation incorrecte.

NOTAS · NOTES · NOTES

En Fossil Natura, presentamos nuestro nuevo catálogo donde hemos puesto especial atención en cuidar el medio ambiente. Este catálogo ha sido impreso en papeles respetuosos con el entorno, certificados con los estándares más rigurosos de sostenibilidad.

Los papeles utilizados en nuestro catálogo cuentan con certificaciones que garantizan su calidad y compromiso con el medio ambiente. En primer lugar, se han seleccionado papeles libres de cloro, lo que significa que no se han utilizado productos químicos dañinos en su proceso de fabricación. Además, cumplen con la normativa CE 94/62, garantizando la ausencia de metales pesados y protegiendo la salud humana y el ecosistema.

Nos enorgullece mencionar que los papeles utilizados en este catálogo son el resultado de procesos de reciclado de fibras, contribuyendo así a la reducción de residuos y al aprovechamiento de recursos existentes. Este compromiso con la economía circular nos permite minimizar nuestro impacto ambiental y fomentar la sostenibilidad.

Para garantizar la durabilidad de la portada, se ha utilizado papel certificado con la norma ISO 9705 "long life", cumpliendo así los estándares de resistencia al fuego, brindando tranquilidad y confianza a nuestros clientes.

Por último, es importante destacar que los papeles utilizados en nuestro catálogo son libres de ácido, lo que garantiza su conservación a lo largo del tiempo y protege la integridad de las imágenes y la información presentada.

En Fossil Natura, nos esforzamos por ofrecer productos de calidad que respeten el medio ambiente. Hemos seleccionado cuidadosamente los papeles para nuestro catálogo, asegurándonos de que cumplan con los más altos estándares de sostenibilidad. A través de estas elecciones responsables, buscamos inspirar a nuestros clientes a tomar decisiones más conscientes y amigables con el planeta.

Juntos, construimos un futuro más verde y responsable.
